Clinton & Son, the Eye Glass Men, Service and Satisfaction.

Farm Bureau Exchange List.

All paid-up Farm Bureau Members are entitled to a maximum of one column inch of free advertising for seed, feed, livestock and 2nd hand farm machinery. These ads to run for two consecutive issues of the North Platte Semi-Weekly Tribune and discontinued unless notice to continue is received after the second issue. This service is paid for by Farm Bureau Membership money and for that reason is not available for those who are not paid-up members. Send your lists to the County Agent's Office at North Platte, Box 233, where the County list will be compiled for the paper. The greater the number the greater the service to the County.

How Much Does Lubricating Oil Cost You Each Year?
Automotive engineers say that oil of the wrong body, failure to replace old oil with fresh oil and neglecting to keep oil up to the proper level cause fully 90 percent of all automobile engine repair bills. So the real cost of lubricating oil is determined by your repair bills.
Oil of the highest quality and correct body is the truest economy. It protects moving parts against wear and prevents bearings burning out. It keeps compression tight and assures maximum power and mileage from every gallon of fuel.
Polarine is the most perfect motor oil we know of. It maintains a protecting oil film in the closest fitting bearings and a fuel-tight and gas-tight oil seal between the piston rings and cylinder walls.
Polarine is made in four grades—light, medium heavy, heavy and extra heavy—but only one quality. Get the proper grade for your car next time by referring to Polarine chart at our Service Stations or dealers—and you will start cutting down motoring costs.
